Protective Coating for Insulated Block Joints

Product Description

Protective coating for factory made glued insulated block joints (IBJ's), using Loctite 7255 material to coat the joint.

The coating offers improved protection for IBJ's at locations where corrosion and abrasion is common.

Scope of Acceptance

Full Acceptance

Product to be used on IBJ's that are to be installed in locations subject to accelerated levels of rail corrosion and abrasion.

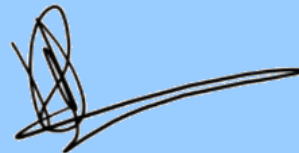

Network Rail Acceptance Panel (NRAP) hereby authorises the product above for use and trial use on railway infrastructure for which Network Rail is the Infrastructure Manager under the ROGS regulations.
